

Bachelor Program in Biotechnology

## NCHU Overseas Student Admission

If you are passionate about advancing your career in Biotechnology, we warmly invite you to join our undergraduate program at National Chung Hsing University (NCHU). International students are welcome to apply through the Office of International Affairs (OIA), where dedicated staff will support you throughout every step of the application process.

For detailed information, please visit the OIA website:

NCHU Overseas Student Admission – <https://iss.nchu.edu.tw/target/>

Note: The application period typically ends around March 31 each year. However, exact deadlines may vary. Please consult the official admission website for the most up-to-date information.
